

# asp supporters 2004 — 2005

We are grateful to the following individuals, organizations, and corporations who have contributed to the Astronomical Society of the Pacific during 2003 and 2004.

This year more than 500 members and supporters sent the Society gifts ranging from \$1 to more than \$100,000. These gifts enable us to continue and to expand our astronomy education programs, our science literacy programs, and our other special programs that reach out to educators, students, and others interested in astronomy throughout the world. Thank you for your support. This list reflects gifts received between 6 November 2003 and 14 December 2004.
